

5 - What does a garden need?

5 - What does a garden need?

- A garden needs good soil, plenty of sunshine, water, protection from animals, and enough room for the plants to grow.
 - We need to be careful to pick a spot for our garden so that it will have all these things.
-

God's Word: "Happy are those who reject the advice of evil people, who do not follow the example of sinners or join those who have no use for God. Instead, they find joy in obeying the Law of the Lord, and they study it day and night. They are like trees that grow beside a stream, that bear fruit at the right time, and whose leaves do not dry up. They succeed in everything they do." Psalm 1:1-3

* We need to be careful what we do in our lives also, so that we grow in love for God and others.

* What do I need to grow? (reading God's Word, playing with good friends, obeying, doing kind deeds).

Activity: (Materials - paper and crayons or colored pencils)

Draw each of these things that plants need: Good soil, sunshine, water, protection from animals, and enough space for the plants to grow.

Draw yourself doing these things that you need: reading God's Word, playing with good friends, obeying, doing kind deeds.

Garden work: Pick a spot for your garden that has all the things a garden needs.
