

## 22 – When can we harvest our vegetables?

## 22 – When can we harvest our vegetables?

- Vegetables ripen at different times depending on what variety they are, when they were planted, and whether they received adequate water, weeding, and protection.
  - Keep taking care of your garden while the vegetables are growing, and don't pick them too early!
  - Check on the seed packet to see when to harvest each kind of vegetable you planted
- 

**God's Word:** <sup>9</sup> We must not become tired of doing good. We will receive our harvest of eternal life at the right time. We must not give up! Galatians 6:9

\*God has his own time for when he lets things happen. Sometimes we find this difficult because we want things to happen when and how we would like. He tells us that we will be blessed in this life and in heaven when we have faith in his way and his timing. We must be patient and keep working hard, never giving up on ourselves!
